Mr. Thomas M. Keating
Assistant Teaching Professor
School of Computer Science
Pittsburgh, PA, 15289

Dear Mr. Keating:

Included with this letter is our team's final report, "The Movie-Chain-Runner Project." This report covers our team's approach to the project as well as the project's results and our reflections on the project.

In particular, the report describes the problem our project addresses and our solution to it. The report also outlines our project's objectives and the programming languages and algorithms that we used and considered. Finally, it presents the project's results and includes an evaluation of our team's work on the project, the lessons we learned from it, and advice for future groups.

If you have questions about our project and wish to contact us, please send an email to sss1@andrew.cmu.edu.

Sincerely,

Shashank Singh
