Mr. Thomas M. Keating
Assistant Teaching Professor
School of Computer Science
Pittsburgh, PA, 15289

Dear Mr. Keating:

Included with this letter is our team's progress report, "The Movie-Chain-Runner Project."

This report gives an overview of our project, our methods and results so far, and our plans for the remainder of the project. Since we are a few movie titles behind of our schedule, we also include explanations of and justifications for changes made from the plan we presented in our proposal.

If you have questions about our project and wish to contact us, please send an email to sss1@andrew.cmu.edu.

Sincerely,

Shashank Singh
